"Trust in the Lord with all your heart and lean not on your own understanding; in all your ways acknowledge him, and he will make your paths straight." -Proverbs 3:5-6

I would like to thank the most my Savior, Jesus Christ, and my parents. Both have played a huge role in getting me this far and preparing me for what lies ahead, and they continue to do so. Thank you to my brothers, Ben and Chad, and my sister, Lauren, for being the coolest siblings and helping to create awesome memories. Emily has been my best friend for years and continues to still be such an incredible friend. My youth group has been awesome and the times spent with them are always crazy but so much fun. And also a special thanks to all the friendships that I have made during my high school years and before. My schooling has been a wonderful period in my life and I want to recognize my parents and all the effort they have put into home-schooling me and supporting me through my different school experiences. Some specifically...my Mom for putting up with those times I didn't want to do my school work and my Dad for those projects I waited till the last minute to do and was freaking-out about. I love you and thank you so much for all your hard work!!!

"I'm the first kid to write of hearts, lies, and friends and I am sorry my conscience called in sick again. I found the cure to growing older and you're the only place that feels like home. Just so you know, you'll never know and some of the secrets weren't meant to be told." -Fall Out Boy

Wow, I can't believe it's finally time to graduate. You know it's pretty sad. You go to school with kids that you grow up with for what seems like all your life, and then BOOM, by the time you know it; it is senior year and time to graduate. Finally time to leave from the building that you think you hate the most, but yet, you don't seem to want to leave at all. You come to school as a freshman, not really knowing what or who you are. You come just trying to find a place where you belong. Senior year comes and you finally think you have found your place, and the next thing you know, they're pushing you out the door into the real world of sharks. You grow up with friends that will go to different schools probably in different states and you are forced to start all over again. For the class of '06, my best friends, it's been a crazy 4 years. Good luck in whatever you do and whatever the future may bring you. **BS. kM. Am. At. cB. Mb. Cj. cO. jS. nB. aR.** <3 ya. Thanks for being there for me.

"Education is a progressive discovery of our own ignorance." -Will Durant

High school has been...high school. Expanding our horizons, and exposing us to more of what the world has to offer, that is high school. I'd like to thank the teachers for getting me to think harder about things, even when I thought that they were boring or irrelevant for my future. Even though you get out of high school, and think you know it all, you know there is a vast ocean of life into which you but waded up to your waist. It's now time for us to swim out further, and experience the unknown that life will bring. We won't get far using our own strength though. To get to the farthest reaches of what life has to offer we have to see that we need a boat, and we can't just swim to the farthest parts. My boat is my family, friends, and most importantly, my Savoir Jesus Christ. I've only been able to get this far with help, and know that when I don't have my family and the friends I've made close by, that I will realize just how blessed I am to have Jesus with me at all times.

"Resting under the night-time sky,
Looking up to the stars above,
Admiring the beauty of Earth,
Thanking the Lord for all he does.
Thinking of our sin, our shame,
Proclaiming his Glorious name." -Yours Truly

Well Kid it's been a long time spending with you. But you have all been here through thick and thin. Well everyone that has been there Mr. Nixon (President of the USA 2008), Mike G, Anthony, Connor B., Matty B, Greg, Steeves, Matt Himself, and finally but not least Mr. G. I hope we all leave with our friendships. I hope that everyone I have ever talked to here at this school stays in contact with me in the future. We have all grown close to each other through the hard times and the rough times. We were all one united group in 8th grade when September 11th, 2001 happened. We all consoled each other even if we weren't friends. Anthony we have had the most of our summers kicking it at my house watching Steve-O and laughing so hard!! And don't forget "Warm summer nights are always better in Sterling." HAHA GOOD TIMES!! Our memories can last forever, but our friendships can't. Hopefully I will see you all down the road somewhere along these lines.

I honestly can't belive that it has already been four years. It finally has hit me that high school had come to an end. We are now all preparing to go off in our own directions, and leaving the comfort of West Boylston behind. I can say that I have enjoyed every moment of it. When I first came in my freshman year, I felt like everyone welcomed me with open arms. They made me feel like I had been with them for years. I greatly appreciated that. *LADY LIONS* HOUSE EM' SPANK EM' SEND EM' HOME! LADY LIONS ALL THE WAY! I will definitely miss soccer and Mr. Mumby. Soccer is definitely a great part of me and always will be. Lastly, all my thank you's. I want to thank my mom, dad, Celsea, and the rest of my family for always being there and supporting me in everything that I do, along with everyone else that has. A big thank you to all my friends. I love you all. You are all the best and you know it. Well, this is all I really have to say, except for goodbye and good luck to everyone.

Am I dreaming? High school is over and it couldn't have come soon enough. Where should I begin? Most importantly, I must thank my parents. You dragged me out of bed in the morning and kept me motivated to continue school and reach for my dreams. The lessons you taught me are more valuable than any education I could get from any Ivy League school. I love you. Ashley, without you I probably wouldn't have made it. You should be proud of the differences you've made in other people's lives, especially mine. I am forever grateful for the early morning phone calls to help me get out of bed. I know you'll succeed in life, and I hope you'll enjoy yourself doing it. I will always love you Ash no matter what happens. Garrett, take life one step at a time. Don't get ahead of yourself, and don't grow up too fast. You got what it takes to be great, now DON'T BLOW IT! To my friends in the class of 2005, I may not have graduated with you, but we'll always be classmates at heart. I hope you all live life to the fullest, and remember to take pictures.

Where did it go? How did time slip by so fast? Sometimes I wish I could go back to such carefree days. But at the same time, moving on with our lives, making new memories, and gaining independence have become realities that were once ideas that seemed so far away. I must say these last four years have gone so fast, with so many awesome moments happening in my young teen life. I just want to mention a few people, such as... Jeff Neeham what can I say about this kid, he's like my little brother. Kyle Lesino- where would I be without you and Jeff? Thanks! This is for all the people I couldn't mention in my quote, you are not forgotten I just couldn't fit you in. This is a message to all the future students coming up. If you can make it to high school and then make it to the same place I am, you truly are not a failure, no matter what anyone may say. Just never give up because there's always a light at the end of the tunnel. In closing, I just want to thank the teachers and many friends that I have met and made in these last few years. Also, I want to thank everyone who helped me get to the point where I am today. Without you, I would most likely be nowhere. Thank you all very much. This is Brandon signing off.

It's a weird feeling to be sitting here typing my senior write up. The years have flown by! It's been an experience. Since second grade, when I first moved to W.B., to twelfth grade, it's amazing the people we've grown to be. The class of 2006 is unbelievably intelligent and creative, and so many people have inspired me with their own thoughts and outlooks. Mom and Dad, thank you for each and every decision that you have made and allowed me to make on my own. Rin, thanks for being such a great friend, have a blast with high school you geek. Jessica Lee you are one of the coolest and most entertaining people I have ever met, and I'm so glad I did, so many funny moments. Elaina, my chick – you are my confidant <3 you. Nicole Marguerite, you are so much fun, crazy moments. Cori, we've been friends for as long as I can remember, good times. I love you all like crazy. So many others: Caryn, Hannah, Jessie, Deidre, our Visual Studies class, Darby's Crew, and Spring Show. And lastly Joey, these past two years have been unforgettable, I love you. Good luck to everyone…

Class of WEBO '06, we're done! More good times than bad, many more to come. Brian, great times at the beach, "your house of pain." At your uncles house fixing the raft, but back to the beach, Simon kicking the crap out of us, crazy times with Justin and Pat. Most of all our constant Tooth Ache conversations. "Penguin Killer." Mickey, Tennis Doubles for life. Raffi, easily the most gangster kid in school. Joey, great times on the Pinewood Dr. and are you totally through math for four years. Colleen, mean, "colly doodle" don't you ever forget the person who taught you how to eat cookies. Speaking of cookies, Gore, my mom baked you a fresh batch. Janna, your yearly traditional pizza parties, but better, painting Easter Eggs, good times. Soccer team, the best of all times, you all have become some of my best friends, Bic, OC, c-Los. Always remember our classic phrases, especially "F.S.U." School has been nothing less than, "Ridiculus... Amazing." Never to forget the one kid whose always been at my side, from morning till night, there's no getting by Ben, the one that's always there to keep me in line and let me know when my fashion sense is out of whack. Jess, the only girl who ever beat me up. And my mom and dad, the support lines I could never do it without you. I love you all!

Wow! I can't believe it's finally over! It's weird to think that for the past 4 years I have grown into the person that I am already (so soon!) ready to go out into the real world. High School has been fun! I want to thank my parents for raising me the way they did. Without them I don't think I'd grow up to love God, and be a responsible young woman. I love you guys! To my sister, I want to thank her for being there for me and giving me advice throughout my high school years! I will always be your cute cuddly sister no matter how old I get! Jose, thank you for being there for me and loving me for who I am. You've been a blessing to my life. I love you! And to the Father above, thank you for your strength, mercy, forgiveness, and Grace! Senior year. It's like hanging on the edge of a cliff and you feel yourself falling. The gravity of the future is pulling against your grip on the past. The years of old friends, curfews, homecomings, proms, and youth are slipping under through your fingers. The time will come to let go and the adventure of a lifetime is ahead. Don't think or blink. Every chance will be the first, and the last. Thanks Mickey and Raffi for the New England peanut butter and hopefully I won't get your names confused when I come home from college. Joey, thanks for being my physics tutor. Luke, your dance moves are legendary. Doug, good luck if you run in college. Gore, let us know when you get a record deal. Dan P., make a blockbuster. Sir Dziczek thanks for my street name "The Game from Viet-Name." Colleen and Caitlyn, you two will be amazing leaders someday. Alaina and Megan, you hold the best summertime parties. I can't believe its time to put high school in the past and move on with the rest of our lives. First I want to thank my mom and my dad for always being there to guide me and help me. Also, my sister Dusti, for always saying the right thing to help me keep my head up. I want to thank Lorraine and Jim for all their help and support. Megan and Audra, great times, and thanks for helping me when I was the "new kid". We'll keep in touch. Jillian, the love of my life, you have been there for me for almost 2 years now and have put up with me constantly, thank you and I can't wait to continue making many memories with you. To anyone I missed I wish you the best of luck in the rest of your lives. High School held many of my greatest memories and learning experiences, both good and bad and will help guide me through the rest of my life. It's time to close the book titled High School and move on to bigger things.

I am a school choice student... Not knowing any one from the school, I was a bit nervous about starting school here and soccer tryouts. You all made me feel like part of the school from day one, Thanks! My favorite class (besides gym) was junior year, Mrs. Delaney's algebra 2 class. She is the second Mr. Sparkman (Mrs. Sparkman). Thank you Mrs. Babineau for teaching science in a way I could really understand it. Mrs. DeLuca, you won't miss me because my spirit will still be here. Mrs. Fenwick (Mimi), thanks for keeping me in line. Mrs. Johnson who had to deal with my obnoxious drum playing, thanks for letting me play!

Life of a Teenager

Life is full of thrills,
And life can be rough,
Yet life is full of chills,
And life can be tough,
Making decisions,
Fulfilling your dreams,
Choosing your future,
Isn't easy as it seems,
Dealing with pressure,
Dealing with school,
As people criticize you,
They make you look like a fool,
Drama and gossip,
Floating around,
People are talking,
No truth to be found,
Hang out with friends,
So the fun never ends,
Don't drink and drive,
..Maybe then you'll save a life,
Becareful who you trust...
Take a risk if you must,
Share all your laughter
Smile everyday
Forget all your problems
It's better that way,
Just know who you are,
Believe that you can make it
Live your life to the fullest.
And try not to break it.

I Believe I Can Fly

They believe...be sensible
prepare now
save for the future
work hard while young
enjoy when old
no pain no gain

They believe...compromise
follow the crowd
stay within the lines
keep your head clear
keep your eyes straight ahead
feet on the ground

What about now! what about roses? what about stars?
what about chasing rainbows, floating clouds, butterflies...
what about silver linings, serendipity, spontaneity...
what about moonbeams, sun-rays, raindrops?

I believe....
I believe I can cut my own pathway
I believe I can step off the edge and not fall
I believe I can close my eyes and follow my heart and soul
I believe I can walk in the rain and not get wet
I believe in today and have hope for tomorrow
I believe in dreams, I believe in me....

I believe I can fly!

Sisters Forever

"Sister"
I have a sister
We are complete opposites
But that is ok
We do get along
Only after fighting through
She bites and bruises
I punch and pull
We still mind each others spaces
Sometimes we annoy each other to death
Others we laugh and play
It is nice having an older sister
She teaches me new tricks
We have a lot in common
Life, friends, etc...
She is my dearest oldest sister
Five years to be exact
But she is my near perfect sister
She always will be forever and ever
Caelyn, I'm glad I'm stuck with you for life
I could not have asked for a better sister.
Love, Celsea

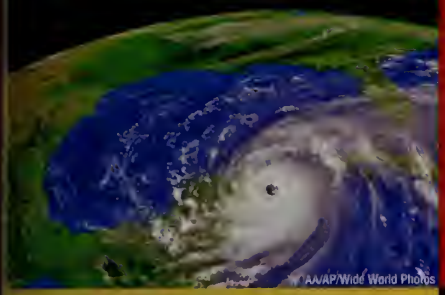
WILMA
October 24, 2005

Marc Serota/Reuters/Landov



Hurricanes ravage the Gulf Coast region in the fall of 2005, posing an unprecedented test of the United States federal emergency response efforts. Hundreds of lives are lost and thousands are left homeless in the wake of Category 4 Hurricane Katrina, followed by Rita and Wilma. The tragedy spurs contributions of money, talents, homes, food and more in an attempt to raise spirits and rebuild the area.

RISING FROM THE STORMS

August

25 Hurricane Katrina strikes Florida.

28 Mandatory evacuation of both New Orleans and Mississippi is ordered as Katrina becomes a Category 5 storm in the Gulf of Mexico.

29 Downgraded to a Category 4 storm, Katrina hits land. 1.3 million homes and businesses lose electricity in Louisiana, Mississippi and Alabama. 30 levees are breeched, flooding New Orleans and leaving 100,000 people stranded. After slow government response, civil unrest and looting begins.

31 President Bush surveys the damage.

September

1 30,000 National Guard troops are deployed. Gas prices spike to as high as $5 per gallon.

2 President Bush visits Louisiana and signs a $10.5 billion relief bill. Nearly 154,000 evacuees arrive in Texas.

4 The New Orleans Superdome is evacuated.

6 President Bush and Congress pledge to investigate the flawed disaster response.

9 Government-issued debit cards are distributed to evacuees. The program fails and is ended days later.

12 Michael Brown, head of the Federal Emergency Management Agency, resigns. Flooding is down to 50 percent in New Orleans.

14 New Orleans Mayor Ray Nagin announces a phased repopulation plan.

15 New Orleans begins to reopen. Katrina is named the most destructive hurricane in U.S. history.

20 Louisiana Governor Kathleen Blanco declares a state of emergency as Hurricane Rita strengthens off the coast.

22 Rita hits the Louisiana coast and heads for Texas.

23 Thousands evacuate eastern Texas and the 9th Ward of New Orleans floods once again after levees are overrun.

October

24 Hurricane Wilma hits southwest Florida.

▼ Thousands of Louisiana evacuees receive shelter and medical care in the Astrodome in Houston, Texas.

◀ Louisiana Governor Kathleen Blanco, President Bush and New Orleans Mayor Ray Nagin survey the damage in New Orleans.

▲ Many animals left behind during evacuation are rescued and given shelter or reunited with their owners.

▲ Homes across the country are opened to families left homeless in the wake of Hurricane Katrina.

▲ Thousands of volunteers help Habitat for Humanity rebuild homes in Louisiana, Mississippi and Alabama.

▲ Three months after Katrina strikes, the first New Orleans public school reopens on November 28.

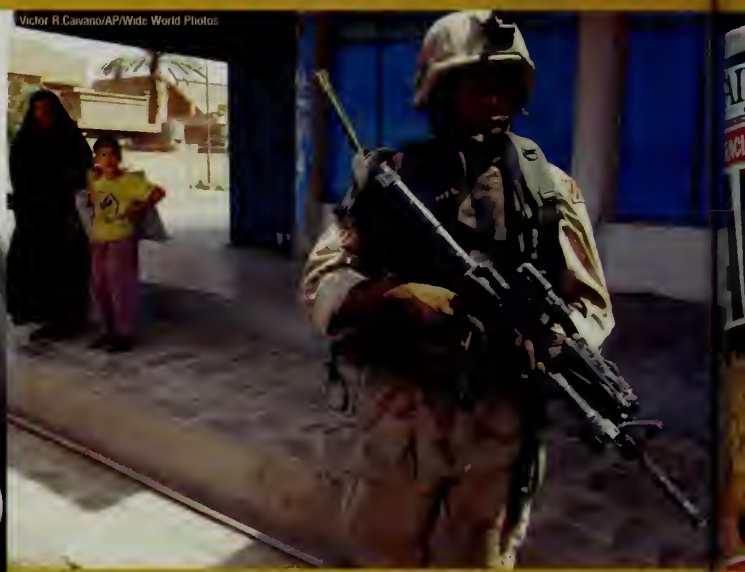
05-06 Front Page Headlines

▼ On October 15, Iraqi voters ratify a U.S.-supported draft constitution that establishes a federal state. A second election, in December, creates the new government's first parliament.

▲ Several airlines declare bankruptcy due to huge fuel, labor and security costs. Passengers see fees for pillows, aisle seats and more as carriers seek new revenue sources.

▲ During rush hour on July 7, London is hit by terrorist attacks. Bombs strike one bus as well as the city's underground trains, leaving 56 people dead and 700 injured.

▲ John G. Roberts Jr. becomes the 17th Chief Justice of the United States Supreme Court following the death of William Rehnquist.



▲ Violence in Iraq continues to cost lives. Since the war began in March 2003, over 27,700 Iraqi civilians and 2,300 coalition troops have died.

▲ Gasoline prices surge in September before falling back to pre-hurricane levels. Major oil companies face federal questioning after revealing profits of over $35 billion during this period.
